Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this results indigestion, piles, weariness, etc., that women constantly complain of. But there is no use taking "female remedies" and things of that kind until you have started your bowels moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your druggist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cures them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Earl S. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 507 Caldwell building, Monticello, Ill.

Stole a Watch and Was Landed Behind the Bars Thirty Minutes After Committing the Offense

F. S. Berry of Racineville came to the city yesterday and while in a happy and careless condition from the effects of over-much imbibing, entered the boot-black parlor in East Second street to spruce and shine up.

While the operation was going on George Smith, an interloper, noticed the drowsy condition of Berry, and while brushing him off with a whisk broom with one hand he used the other to deftly lift a watch from his vest pocket. The act was noticed by Steve Beckett, an employee of the place, who informed Policeman Senteney of the transaction, and that vigilant officer soon recovered the watch and had the culprit in jail.

Berry was not aware of his loss until informed of the fact by the officer. The whole transaction did not cover over thirty minutes.

NOTICE TO THE PUBLIC

Those interested in the Ohio Valley Oil and Gas Company's proposition are urged to attend a meeting in W. Holton Key's office in Court street Saturday evening at 7 o'clock. Business of the utmost importance will be outlined and the financing of the matter closed up.

NOTICE TO THE PUBLIC

This is the Last Week of the Ohio Valley Oil and Gas Company's Special Offer

The books of subscription to stock in the Ohio Valley Oil and Gas Company will close Saturday night, September 24th. This is the last week that shares of stock will be sold at the low price the stock is offered to the syndicate, viz., 3,250 shares for \$100.

After this week the shares will not be sold for less than 25 cents each for Treasury stock and no further extensions will be granted after Saturday night, as the books will positively be closed and the stock all subscribed, so that operations may begin and the work of boring for oil and gas started.

The indications are flattering that there is an abundance of both oil and gas in this territory, as this Company has 20,000 acres leased in this and adjoining counties.

Thirty-eight hundred dollars of the necessary \$5,000 worth of paid-up stock in this million-share Company has already been subscribed for, and the men behind the proposition mean business and are fully able to answer all questions and criticism concerning the whole matter.

See A. D. Cole, J. Barbour Russell, E. L. Manchester or any member of the Company in Maysville.

The lady managers of the Indian opera Powhattan, representing the Hospital, are highly pleased with the progress of the talented amateurs who are so generously giving their time and talents for this production, which promises to be of a high order of merit. Mr. Ellis and Mr. Clark of Aberdeen will assist in the orchestra, along with Miss Archdeacon, Mr. Munzing, Mr. Straus and probably others, and the rehearsal of the orchestra last night was quite an addition to the forces. Miss Clara Stalker, the accomplished teacher of English, is an ideal Pocahontas, her voice, size and type suiting this role to perfection. Miss Adelaide Lambley as "Laughing Star" is a happy selection. Her rich contralto voice, vivacious action and lovely personality combine for artistic success. Miss Nellie Greenlee and Miss Lucille Crowell each have capital roles and will be charming as Winona and Minnehaha. Another rehearsal will occur tonight.

We Are :: Showing Suits and Overcoats

For men and young men at \$15, \$20 and \$25 that, upon investigation, will be found splendid values. There is no doubt but what you can buy suits at these prices in every city in the country, but there is a difference, and that difference is simply this: The best wholesale tailors in the world come to us to give them the privilege of putting their stock in our house. There are two reasons for this: One is that they know our customers are endowed with discriminating taste, hence the high-class manufacturers are anxious to introduce their lines to our trade through us; the other reason is that, fortunately and which we owe altogether to our friends, we pay cash as soon as our goods are delivered to us. This gives us an advantage in obtaining price concessions that are as advantageous to you as to us.

Our Stock of Van Ingen Woolens

Is now ready for the inspection of those who have their suits made to order. Our cutter, Mr. Schoelwer, as those well know who he has cut suits for, is up-to-date in his work. All custom made garments are made right in our shop under his supervision.

TWO CLOTHING HUSTLERS

Messrs. David Abraham and Louis Reichman, the two Cincinnati hustlers who managed the big Surprise Store Clothing sale for Galanty & Alper, are young men of unusual push, hustle and vim. They specialize in this work and seem to be masters in the gentle art of advertising. Their first move when they strike a city is to see the newspaper men and get on the right side of the publicity department. The Galanty & Alper sale was a corker and all owing to their merchantable stock and to Abraham and Reichman, the boys behind the sale.

It may have been "bad taste" and "bad policy" for CALEB POWERS to run for Congress, but it wasn't "bad taste" for him to win by ten thousand majority. The bad taste is now in Congressman EDWARDS' and the other fellows' mouths. CALEB POWERS' victory was so overwhelming and pronounced that he can now defy all his yelping, carping and blood-thirsty critics, who, despite the fact that the highest Court in Kentucky three times declared that Democratic injustice and passion were endeavoring to railroad the famous prisoner to the gallows or the Penitentiary, practically cleared him of the charge of murdering GOEBEL. It may be an unpleasing fact and situation, yet right now "CALEB POWERS, the lowly prisoner," is one of the most popular and respected citizens of the country, all by virtue of the mighty Eleventh Congressional District of Kentucky electing him to a seat in the highest council of the Nation. If you want anything at Wash., D. C., kindly see Senator BRADLEY or Congressman POWERS.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Galena, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a bunch came and it bothered me so much at night I could not sleep. It kept growing larger and by fall it was as large as a hen's egg. I could not go to bed without a hot water bottle applied to that side. I had one of the best doctors in Kansas and he told my husband that I would have to be operated on as it was something like a tumor caused by a rupture. I wrote to you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away."—Mrs. R. R. HUXY, 713 Mineral Ave., Galena, Kans.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

Gas Light Talks—No. 11.

Cheap Fuel in Sight.

There remain one or two minor details to be settled, but we expect that these matters will be cleared up sufficiently by tomorrow to allow of our making a definite announcement of the date on which we shall be able to—

Supply Maysville with Natural Gas.

As we have told you, we have, for months past, made all replacements and extensions to our system, with natural gas in view.

There remains a great deal to be done, however, before we can render satisfactory service.

We are perfectly safe in saying, though, that by the time frost interferes with underground work, we shall have—

Over ninety per cent. of our mains and services in condition to carry natural gas.

The remainder of the work can be completed in the early spring.

Now the heavier piping and fittings and the labor cost on the work to be done right in the city mean an outlay of not less than \$10,000.

In addition to that, we shall have to construct approximately three miles of trunk main across country, to connect our system with the pipe-line of the Columbia Gas and Electric Company.

That means \$15,000 more.

Also, our present artificial gas plant, which is in first-class condition, will have to be abandoned and will mean, practically, a dead loss.

We have faith in the growth of Maysville, however, and we are counting on a greatly increased gas-consumption which, in course of time, will make up the loss on our present system.

But this will take considerable time.

It will be appreciated, therefore, that there is no immediate gain in sight for us.

But we went on record some time ago, to the effect that we would bring natural gas into Maysville at the earliest opportunity.

We are now in a position to fulfil that promise and our obligation to the public.

Maysville Gas Company

Horace J. Cochran, President.
